

CV

Name: MOHAME HAMED ABD ELFATTAH MOHAMED ASHOUR

Birth date: 8 / 8 / 1975.

Age: 39

Nationality: Egyptian

Working place: Agricultural Research Center / animal production researches institute

Current position: Researcher

Qualifications

1. **Ph.** degree in agricultural sciences (poultry breeding and genetic improvement of breeds) Fayoum University, Egypt 2006.

Thesis title was: **SELECTION FOR INCREASED BODY WEIGHT AND GROWTH RATE IN JAPANESE QUAIL**

2. **M. Sc.** degree in agricultural sciences (poultry breeding) Fayoum branch, Cairo University, Egypt 2001.

Thesis title was: **INHERITANCE OF SOME GROWTH, CARCASS CHARACTERISTICS AND CHEMICAL COMPOSITION OF JAPANESE QUAIL**

3. **B. Sc.** in agricultural sciences Fayoum branch, Cairo University, Egypt 1996 with overall grade (very good)

Experience and skills

- 1- Head of the research team who studies the use of traditional methods and biotechnology to study the inheritance of egg shell color characteristic, and its relationship with some other quantitative traits to conduct genetic improvement in Japanese quail at the Institute of Animal Production Research.
- 2- Head of the research team that executes the genetic improvement program for some growth, production and reproduction traits in Dandawi chicken at Institute of Animal Production Research
- 3- Member of the research team that executes the genetic improvement program for some growth, production and reproduction traits in Fayoumi chicken at Institute of Animal Production Research
- 4- Member of the research team studies the relation between humoral and cell-mediated immune response selection and productive and

reproductive traits in El-Fayoumi breed of chicken at Institute of Animal Production Research.

4. **16** years experience at Agricultural Research Center / Egypt in genetic improvement of Egyptian local poultry breeds and its diets formation.
5. **15** years experience in hatching, husbandry, and biosecurity system, diets formation for commercial and improved quail stocks.
6. **Highly experienced** in artificial insemination system of chicken flocks.
7. Good skills in economic and strategy studies for poultry projects
8. Good skills for publishing of the results of researches according to extension programs and scientific magazines.
9. Good skills in statistical analysis of poultry projects data by SPSS. MTDf, WOMBAT and SAS programs.
10. ICDL certificate in computer and good communication skills
11. Microsoft training certificate in “ Build Your Business "2015
12. Member in the world poultry science association
13. Member in the Egyptian poultry science association

Address: 5th El Borai street, behind the Ministry of Education, El Fayoum, Egypt.
