

CURRICULUM VITAE

إسماعيل غوراشي
إسماعيل غوراشي

Personal Details :

Name : Dr. ISMAT GORASHI ABDALLAH

Date of birth : 1st Oct . 1971

Gender : male

Nationality: Sudanese

Marital status : married

Address : Omdurman Almourda House No.539 / 4-2

Mobile :+249912108767

e-mail: ismatg_1999@Yahoo.com

Present Address :

University of Khartoum Faculty of Agriculture - Department of Food Science & Technology

P.O. Box 32 Khartoum North, Sudan

Post Code: 13314

Personal Statement

I am reflective, enthusiastic and able to work on own initiative. I have strong functional & practical knowledge of project development, Quality management System , Food Safety . Also I have an outgoing personality with excellent communication /training skills. Confident, ambitious

Professional Profile

- Accomplished career demonstrating consistent success as an Educator and Administrator at higher education levels. Outstanding track record in assuring

student success.

- Extensive background of developing and implementing projects in Food Chemistry, Food technology, Food Quality Control and Food safety.
- Effective communicator with excellent planning , and negotiations as well as the ability to lead .

Education

- 2011 PhD. in Agric. University of Khartoum
- 2002 M.Sc in Food Science & Technology Faculty of Agriculture University of Khartoum
- 1998 B.Sc (honor) in Biochemistry & Food Science Faculty of Agriculture University of Khartoum.

Academic / Teaching Experiences

- 2011 up to now Assistant Professor in Food Science and Technology Dept. Faculty of Agriculture University of Khartoum.
- 2003 – 2010 Lecturer in Food Science & Technology Dept. Faculty of Agriculture University of Khartoum.
- 1999-2003 Teaching assistant in Food Science & Technology Dept. Faculty of Agriculture University of Khartoum.
- Full time teaching at University of Khartoum (2001- up to now) taught the following courses:

Organic Chemistry

In Organic Chemistry

Biochemistry

Food Chemistry

Food and Nutrition

Quality control

- Food safety.
- 2003 -2007 Secretary of the Department Council.

- 2003- 2009 Diploma Coordinator (Department of Food Science and Technology)
- Coordinator of graduate students seminars
- External examiner in many Universities
- Working in many Universities teaching Food Science & technology (practical ,theoretical) specially in the field of Food Chemistry , Food technology and Food Quality Control.
- Supervising researches in Food Chemistry ,Food Quality control , Edible Oil (chemistry & technology) cereal (chemistry & technology) & Food safety and Food Quality Control in many Universities.

Highlights of Professional Experience

- Participating in the Basic Health Assistance for War Displaced Project (BHAWD) conducted by CARE International, Sudan office (International Organization).
- Part-timer in Intermediate Technology Development Group (practical action)– Sudan office. (International Organization).
- Consultant for Masay Company working in Arabic Gum import & Export .
- Supervisor of Training visits to Ankra University - Turkey 2009
Visiting the below sites :
Ulkr company for food Industries ,Coca Cola company ,Penar and other food Industries.
University of Ain Shams 2004 to 2009 : visiting Guhaina Factory

Workshops/Training

- Training Program in Educational Preparations (from 17 June to 18 Aug 2004 Staff Development Centre – University of Khartoum
- ☐ cereal seed industry in milling technology, held jointly by Sudanese Standards and Metrology Organization (SSMO) and International Association for Cereal Science and Technology (ICC) 2001.

- Production , processing and marketing of Cereal in Sudan . Held jointly by SSMO and ICC 2009.
- SSMO-ICC joint Workshop on "Cereal Seed Industry and New Trends In milling Technology", 26th-29th January 2002 Khartoum-Sudan
- International Gum Arabic Forum 2011
- Quality and validation of Gum Arabic , Rotana Salam , Sudan 2011
- Training program in Current Issues in Nutrition – Centre of food Nutrition- Bahrain - Khartoum April 2009

projects:-

- Obstacles of applying HACCP system in soft drink manufacture in Sudan 2006.
- Effect of frying and storage on physical and chemical composition properties of edible oils 2006.
- Evaluating the quality of raw milk consumed in Khartoum state 2005.
- Effect of different treatment on removal pesticides residue in tomato 2005
- Effect of frying on physiochemical properties of edible oils 2004.
- Evaluating the quality of drinking water in Khartoum state 2004.
- Effect of fermentation on chemical composition , anti nutritional factors and in vitro protein digestibility of sorghum 2003 .
- Processing and evaluation of drinking yoghurt by using different various type of fruits 2003.

Published Papers

- 1-Ismat, G. A., Khogali, E. A., Azhari, O. A. and Babiker, E. E. Effect of radiation process followed by traditional treatments on nutritional and anti-nutritional attributes of sorghum cultivar . International Food Research Journal 20(5): 3221-3228 (2013)
