

Curriculum Vitae

Personal Data:

Name : Ali Ali Mahmoud Abd El Rahman

Nationality : Egyptian

Sex : Male

Date of Birth: Feb. 13th 1961.

Place of birth: Cairo, Egypt.

E-mail address: dralialimahmoud44@yahoo.com

Home address: 16 Maslama Street, Old Egypt, Cairo, Egypt.

Telephone number:

Home (02)27165577 / **Mobil:** 01120045605

Religion : Muslim

Occupation : **Senior researcher** – Central Laboratory of
Residue Analysis of Pesticides and Heavy Metals
in Food.

Scientific Degrees

PhD. in Pesticide residues, Department of Agricultural Sciences, Institute of Environmental Studies and Research, Ain Shams University.

Thesis Title: "Role of Environmental Factors and Handling of some Vegetables in Degradation of organophosphorus Pesticide Residues"

MSc. . in Pesticide residues, Agricultural Sciences, Faculty of Agriculture, Cairo University

Thesis Title: Determination of Organophosphorus Insecticide Residues in Some Vegetables and Detection of Drainage Water Pollution With Insecticides.

B.Sc. Entomology and Pesticides Department, Faculty of Agricultural, Cairo University. Chemical Pesticides- with grade "good" in may 1984.

Work Experience:

- Analysis of different environmental samples.
- Analysis of water and soil samples.
- Analysis of fatty food (Oil, Fish, Vegetable Oil).
- Analysis of PCBs
- Analysis of different environmental samples for inorganic bromide.
- Operator on GC.(ECD&NPD)
- Sampling and Sub sampling

Training Courses:

- Training Courses in Finland about Analysis of Pesticide residues in VTT and Custom Lab. From 22 August to 30 September 1994.
- Training Courses in Syria about pesticide residues analysis from 17 to 23 July (1994).
- Training Courses for using of pesticide in a good and safe way from 13 to 30 October (1990).
- Training Courses in environmental science from 18 November 1997 to 12 April 1998.
- Training Courses in Inspection and Sampling from 6 to 10 June 1999.
- Training Courses in ILAC about Internal Audits Laboratories ISO/IEC 17025:2005 From 6-7 July 2006.
- Training Courses in ILAC about Requirement of ISO/IEC 17025:2005 from 3-5 July 2006.
- Training Courses in ILAC about Requirement of ISO/IEC 17025:2005 from 3-5 July 2006.
- TECHNICAL ASSESSOR TRAINING COURES (ISO/IEC 17025) From 4-8 JUN 2006.
- Training Courses in England about of Pesticide residues analysis in Central Science Laboratory From 11 to 15 June 2007.
- Internal Auditor Course for Laboratory Accreditation According to ISO/IEC 17025:2005 That held in 3 May, 2012
- Training in the field of pesticides residues analysis held from 29 to 30 August, 2012.
- Training Course about Statistical Process Control & Quality improvement during: 24-27 February 2014.

- Training session on plant protection products- “CONTROL ON USE AND MARKETING OF PLANT PROTECTION PRODUCTS” Valencia – Spain, 15 – 18 October 2013.
- covered the following topics:
 - Food Quality Control in Egypt
 - HACCP principles
 - Method of sampling
 - Risk assessment and consumer exposures
 - Evaluation of food safety in Egypt
