

Curriculum Vitae

December 2014

Shokri Shudaifat,
Master in veterinary pharmacology and Physiology
Al-mafraq, Jordan
mobile: 00962772042290
00962799038570
E-mail: shokri_shudaifat@yahoo.com

Personal

Date of Birth: 11. January 1982
Place of Birth: Almafraq, Jordan
Citizenship: Jordanian
Marital Status: Married with two kids

Languages

- **Arabic**, native language
- **English**: good writing, listening, reading and speaking.
- **Professional English Tests: TOEFL: 85** (internet based test)
- **Graduate record examination GRE: Verbal 144, Quantitative 148, Analytical writing 2**

Education

08/2008

Master Degree of Science in Physiology and Pharmacology,
Faculty of Veterinary Medicine, Jordan University of Science
and Technology, Jordan

06/2005

Bachelor degree of Science in Veterinary Medicine, Faculty of
Veterinary Medicine, Jordan University of Science and
Technology, Jordan

Publications (Thesis)

Shidaifat F, **Shudaifat S**, Gharaibeh S. Stroma cells and extracellular matrix remodeling in canine benign prostate hyperplasia.

Publications (Symposia and talks at meetings)

1. F. Shidaifat, **S. Shudaifat**, S. Gharabeh: Stromal cell differentiation and extracellular matrix remodeling in canine benign prostate hyperplasia. 42nd European Veterinary Conference, 311, 2009. The Netherlands.

Professional lab Skills

➤ **Research skills**

- Molecular sequencing
- Paraffin Histology and Immunohistochemistry.
- ELISA and RIA related skills.
- RNA isolation, quantification, reverse transcriptase, primer design, gelelectrophoresis, multiplex quantitative real-time PCR.
- Western blot
- Immunofluorescent related techniques.
- Microscopy skills.
- Tissue culturing.
- Blood collection and assessment.
- Tissue(s) preparation for staining and imaging.
- Running and installing the physiograph.
- Laboratory maintenance, safety, equipment monitoring, purchasing, stocking and disposal of reagents.
- Discovering and comparing prior work, experimental design, developing scientific protocols, reporting results, statistical analysis (SPSS) program.

Work Experiences:

6/2005-5/2006	Veterinary Practitioner , Scientific Office for Animal Wealth Development.
5/2006-5/2012	Veterinarian , Jordanian ministry of agriculture/ al mafraq animal wealth division

5/2012- till now	Animals quarantine veterinarian , Al mafrag animal quarantine/ Ministry of Agriculture.
	<p>Duties as a vet in the ministry of agriculture:</p> <ul style="list-style-type: none"> • Writing and drawing both short and long term future work plans. • Creating and executing initiatives for the animal health such as vaccination campaigns and anti rabies vaccination. • Putting strategies for better performance with lesser efforts and costs. • Treatment of different clinical animal cases arriving to the veterinary clinic. • Doing routine surgical procedures for sheep and goats mainly. • Organizing a dynamic and applicable vaccination program according to the flock immunostatus. • Make necropsy. • Pregnancy diagnosis using the ultrasound technology. • Make a field visits to give the required extensions for the farmers. • Taking the biological samples and do routine lab tests/ microbiology and if required, send some samples to the central diagnostic labs for further diagnosis. <p>Duties in the animals quarantine:</p> <ul style="list-style-type: none"> • Make a gross inspection for the general health status of the animals. • Sampling blood and other required biological samples and sending them to the concerned diagnostic lab. • Release and complete the paper work including issuing the documents and certificates which enable the movement of the animals. • Writing the monthly, quarterly and annual reports in addition to the emergencies cases reports. • Doing any related works.

Training courses and workshops:

During the past 7 years, I have attended and participated in several training courses and workshops held in and outside Jordan within the arena of governmental veterinary services and infectious diseases. Among them the following 3 training courses within the past 24 months are:

- 1. Training course for personnel working in the slaughterhouses sector concerning the current legislations and hygienic, technical and environmental requirements in the slaughterhouses. Irbid/Jordan, 25th to 28th of March 2012.**
- 2. Second laboratory training on diagnosis and control of Pesti des Petitis Ruminants. Pirbright reference labs, United Kingdom, 17th to 19th of September 2012.**
- 3. International Computer Driving License Training course. Al Al-bait University, Jordan 6 /10/2013 till 2/1/2014.**

Memberships and personal skills:

- Jordanian Veterinary Association**
- Excellent communication skills among the various cultures.**
- Capability of doing scientific research with high quality scientific and formal writing.**
- Able to work hardly in intensive and busy team work environment.**
- Has a driving license.**

Computer Skills

- Competent with various Microsoft applications, including PowerPoint, Word processing and presentation software's.**
- Familiar with statistical programs such as Microsoft Excel and (SPSS) software.**
- Familiar with primer design software's**
- Internet: Internet Explorer, Google, Medline, PubMed**
- Familiar with Windows 7 version.**
