

Curriculum Vitae

1. Personal Data

- a. Name: Hag Hamad Abdelaziz Mohamed El Ameen.
b. Date and Place of Birth: 01/01/1956, Seidon, River Nile State
c. Nationality: Sudanese
d. Religion: Muslim
e. Marital Status: Married

2. Present Address

- Email: haghmad1@yahoo.com
Mobile: + 249 (0) 122512069
Address: Department of Agricultural Economics, College of Agricultural Studies, Sudan University of Science and Technology, P. O. Box 71 Shambat, Sudan.

3. Education:

- Primary School 1964-1968: Seidon Primary School, River Nile State.
- Intermediate School 1968-1973: Aroma Intermediate School, Kassala State.
- Higher Secondary School 1973- 1976: Port Sudan Higher Secondary School, Red Sea State.

4. Qualifications:

- 1996-1999: Ph. D. Agricultural Economics, University of Khartoum, Sudan.
1983-1986: M. Sc. Agricultural Economics, University of Khartoum, Sudan
1976-1981: B. Sc. Agriculture (Agricultural Economics), University of Khartoum, Sudan

5. Thesis Title:

- Ph. D.: Analysis of small private farm production systems: A Case study of the River Nile State.
- M. Sc.: Farming system analysis in traditional rainfed agriculture, Kazgail area, North Kordofan State.

6. Area of Interest:

- Agricultural economics; production economics, farm management and quantitative analysis.

7. Professional Experience:

Consultancies and studies:

- Feasibility study of El-Deiflab scheme in the River Nile state.
- Feasibility study of agricultural services unit, Gezira University
- Economic evaluation of the Gezira University farm
- Feasibility Studies of private schemes
- Member of IFAD consultancy team for reviewing research on gender issues in four farming systems in south Kordofan State
- Feasibility study of Sinnar University farm, Abu Naama.
- Member of Consultancy team for technical and economic evaluation of dates production in the Northern state.
- Member of a consultancy team for preparation of tenders provided by Agricultural Development Corporation (Merrowe Dam) for establishment of dairy farms and biotechnology centre in Merrowe and ED-Damer districts
- Member of a consultancy team for study of microfinance fund for Sudan University of Science and Technology provided by Islamic Bank of Development
- Member of a consultancy team for conducting socio-economic survey in the areas affected by Merrowe Dam in Northern and River Nile states.
- Agricultural Economist, State Ministry of Agriculture, River Nile State. The nature of the work in the Administration of Planning and Agricultural Economics includes field surveys, collection and analysis of data related to different agricultural activities (1981 – 1986).

Participation as a trainer in training programs for capacity building in the following:

- Training course on project preparation and evaluation in collaboration with Arab Organization for Agricultural Development, Port Sudan, Red Sea State (2010).
- Training course on feasibility studies for Sudanese Youth Union (2010).
- Training course on project preparation and evaluation for the staff of the Ministry of Agriculture, North Darfur state (2008).
- Training course on economics of sugar production for agriculturists in the Sugar Sector, Sudanese Sugar Company (2002).
- Training course on developing rural communities for employees in the White Nile schemes (2002).
- Training course on project analysis and formulation, Ministry of Agriculture, Gezira State (2001).

8. Teaching Experience:

A. Undergraduate:

1. Sudan University of Science and Technology:

Economic Development, Microeconomics, Mathematical Economics, Econometrics, Farm management, Farm Economics, Agricultural Policy, International Trade, Economics of Agricultural Processing, Research Methodology, Project Preparation and Evaluation.

2. University of Gezira:

Microeconomics, Farm Management, Operations Research, Econometrics, Mathematical Economics and Project Analysis

3. Gedarif University

Agricultural Policy, Farm Records and International Trade

4. University of Dongla

Microeconomics, Farm Management and Project Preparation

B. Post Graduate:

1. Sudan University of Science and Technology:

Advanced Microeconomics, Research Methodology, Agricultural Project Analysis and Quantitative Economics Analysis

2. University of Gezira:

Advanced Microeconomics, Operations Research

3. Nile Valley University

Advanced Farm Management and Resource Economics

4. Sinnar University

Research Methodology, Agricultural Policy

9.1 Supervision of Post Graduate Students:

Sudan University of Science and Technology

A) Ph. D. graduated Students

Main supervisor

1- Economics of marketing of local and imported honey bee in the Kingdom of Saudi Arabia, 2006

By: Mohamed Abdullah AL Arify

2- Economic analysis of fish production in Egypt. A case study: Fisheries in Mediterranean, 2007.

By: Abdella Mohamed A bdel Latif.

3- The constraints of agricultural development in rain-fed sector in Sudan: A study of North Darfur State, 2008.

By: Adam Abdel Rahman Abd Alla Amin

4- Economics of gum Arabic production and marketing in Sudan, 2008.

By: AL Sadig Jabir Agib

5- Efficiency evaluation and the possibility of privatization of public agricultural companies in Irag, 2009.

By: Emad Mohamed Abd Al Rahman AL Kaisy

6- Efficiency of resources use in the production of agricultural crops in Rahad Agricultural Scheme (2010)

By: Khalid Yahia EL Hag

On Going Ph. D. Students

Main supervisor

1. Analysis of economic activities accompanying natural resources conservation projects on food, income and use of land: A case of Greighk project, North Kordofan State.

By: Soad AL Sadig Mustafa

2. Evaluation of the efficiency of the resources use in the Upper Nile irrigated schemes during the period from 1990 to 2009.

By: Adam John Chol

3. Optimum crop mix and constraints of agricultural production in the Gezira scheme

By: Babiker Osman Mahgoub Ahmed
Institute of Family and Community Development, Sudan
University of Science and Technology

- 1- Constraints of development in Palestine
By: Mohamed Khaleel Yunis

B) M. Sc. graduated Students

Main supervisor

- 1- Assessment of the main factors that contribute to yield variability of cotton in the Gezira scheme, 2002.
By: Omima Awad Mirghani Yassin
- 2- Economics of potato production and marketing in Khartoum State, 2004.
By: EL Samani Elbadri Taha
- 3- Economic analysis of factors affecting milk production in Belgravia farm, Khartoum state, 2004.
By: Adam Mohamed Birama
- 4- Economics of onion production in the northern region of Omdurman city, Khartoum State, 2005.
By: Abdel Haleem Adam Zakaria
- 5- Economics of tomato production in Khartoum State, 2005.
By: Mohgoub Ahmed Mohamed Ali
- 6- Economics of spices production in Dongla Locality, Northern State, 2005.
By: Emad EL Dein Mohamed Ali
- 7- Evaluation of factors affecting broiler production in Khartoum State, 2005.
By: Sanaa Mohamed EL Mahadi
- 8- Description and analysis of farming systems in South Kordofan: A case study of Rashad Locality, 2007.
By: Abu EL Gasim Khamis Ali
- 9- Analysis of the factors affecting wheat productivity in Zeidab scheme, River Nile State, 2008.
By: Amira Abdel Rahim Ali
- 10- The performance of Strategic Reserve Corporation and its effect on stability of sorghum price, 2008.
By: Samir Saad Mohamed
- 11- Temporal price analysis of sesame marketing in Sudan.
By: Mohamed Sharif Warsmae

On Going M. Sc. Students

Main supervisor

- 1- Economics of gum production in southern Kordofan State.

By: Abbas Haroon

Supervision of Post Graduate Students

Other Universities

On Going Ph. D.

Main Supervisor

Nile Valley University

- 1- Evaluation of the role of agricultural credit in the development of agricultural sector in the River Nile state

By: Ali Hamza Osman

University of Khartoum

- 1- Economic efficiency and resources use in production of food and cash crops in two farming systems: A case of North and South Kardofan States

By: Omer Bashir ALTahir

Institute of Islamic World Studies, Omdurman Islamic

University

- 1- Evaluation of the economic, social and environmental impact of Khor Abu Habil Agricultural Scheme, North Kordofan State.

By: Mohamed AL Hafiz AL Sharif

- 2- Economics of traditional and modern irrigation in the River Nile state.

By: Mohamed Elameen Ahmad Ibrahim

- 3- Constraints of agricultural development in Yemen

By: Abd Elkareem Abdella Mohamed

9.2 Examinations of Postgraduate Students
Sudan University of Science and Technology

A. Department of Agricultural Economics

1) Internal Examiner Ph. D.

- 1- Agricultural growth and instability: A case study of irrigated sub-sector (Gezira, Rahad and Halfa Schemes), 2004.
Candidate: Mohamed EL Ameen Abdel Latif
- 2- The impact of Jordan's Affiliation to World Trade Organization on foreign traded Jordanian manufactured food agricultural products, 2005.
Candidate: Atif Zeid Hassain AL Mutlag
- 3- Analysis of economics of Sudanese sheep exports:
Candidate: Abdel Galeel Fadl Hamad Tomsah

2) Internal Examiner M. Sc.

1. Marketing integration of sorghum in Sudan, 2006.
Candidate: Mohamed Ahmed Mohamed Ahmed
2. Comparison between two different capacity cane transport trucks in fuel consumption in Kenana Sugar Company, 2007.
Candidate: Isam EL Dein Hassan Eid
3. Economics of sugar production in A Salia Sugar Company, 2007.
Candidate: Somia Yagoub Ibrahim Ameen
4. Effect of price liberalization policy on instability and growth of agricultural production: A case study of Gezira scheme, 2008.
Candidate: Akram Hassan EL obeid Ali
5. Response of wheat supply to changes in prices and cost of production in Sudan, 2008.
Candidate: Nagla Faroug AL Tahir Khalid
6. Microfinance in Sudan: Assessment of the current status, 2010.
Candidate: Islam Mohamed El Mubark

B. Department of Agricultural Extension and Rural Development

1) Internal Examiner, Ph. D.

1. Effect of type of farm on the use of animal ploughing: Jebel Marra area, Sudan, 2008.

Candidate: Tarig Ibrahim Mohamed Abdul Malik

2. Intermediate technology adoption by the rural communities of the Nuba Mountains, 2009.

Candidate: Faisal Basheir Ahmed

3. The impact and efficiencies of rural poverty alleviation program of UNDP in the River Nile State, 2009.

Candidate: EL Nour Mohamed Khair

4. Factors affecting diffusion and adoption of improved sorghum varieties in South Kordofan Rural Development Project, 2010.

Candidate: Yousif Mahmoud Hamdi

2) Internal Examiner M. Sc.

1. The effect of personal characteristics on the communication of Gezira television agricultural extension program, 2007.

Candidate: Ahmed Mansour Abdel Aahman

2. The adoption of recommended plant population technology and its effect on increasing potato productivity in Khartoum State, 2008.

Candidate: Bushra Habeeb Alla Mukhtar

3. The impact of radio program (Let trees grow) on adoption of the process of popular a forestation, 2009.

Candidate: Kamal EL Obeid Mustafa

4. The effect of extension campaigns on adoption of wheat crop technologies in Zeidab Agricultural Scheme, River Nile State, 2009.

Candidate: Ibtisam AL Tom Osman

Examinations of Postgraduate Students

Other Universities

A. External Examiner, Ph.D.

1) Omdurman Islamic University

1. The effect of forestry regulations and policies on encouragement of private investment, 2008.

Candidate: Mohamed AL Nayer Ali

2) University of Kordofan

1. Achieving food security through efficient small holders farming system in north Kordofan state, Sudan, 2010.

Candidate: Maruod Elno Maruod

3) University of Gezira

1. Socioeconomic performance of public and private sugar production estates in Sudan (A comparative Study: 2000-2007), 2010.

Candidate: Selwa Ahmed Mohamed Abdalla El Zubair

B. External Examiner, M. Sc.

1) University of Khartoum

- 1- Analysis of factors affecting practicing of electronic trade in Sudan, 2006.

Candidate: Izz Edden Ahmed EL fudeil

- 2- Socio- economic evaluation of agro-pastoralists communities' welfare in Khartoum State, 2007.

Candidate: Aisha Mohamed Saleh

- 3- Economics of potato production, marketing and credit in Khartoum State, 2007.

Candidate: Tahani Ahmed AL Gozoli

- 4- Economic analysis of sorghum availability on food security in Sudan (1990-2005), 2007

Candidate: Wafaa Ibrahim Ahmed Musa

- 5- Economics of potato cold storage in Sudan: A case of Khartoum State, 2008.

Candidate: Nahla Nasr EL dein Suliman Mohamed

- 6- Economics of poultry production in Khartoum State, 2001.

Candidate: Mohamed Al Fatih EL Tigani

- 7- Economics of fish production and marketing in White Nile State, 2009.

Candidate: Yahia Mohamed Awad Elkareem

- 8- The role of Agricultural Bank of Sudan's microfinance in poverty reduction, 2009.

Candidate Belgeese Hussein Mohamed Ahmed

- 9- Analysis of the performance of the Agricultural Bank of Sudan, 2009.

Candidate: Mawahib Mohamed Hamid Gad Alla

- 10- The impact of the Economic Partnership Agreement (EPA) with European Union (EU) on the agricultural trade of Sudan, 2009.

Candidate: Azhari Ibrahim Dowuna Mousa

- 11- Microfinance accessibility in Sudan: A case of River Nile State, 2009.

Candidate: Ali Gamer Mohamed

- 12- Price policies and Competitiveness of oil seeds production in Sudan.

Candidate: Ebtahaj Lbrahim Babker Fallal

- 13- Hides and skins production and marketing in Sudan, 2010.

Candidate: Mohammed Saad Ismaiel

- 14- Technical efficiency of wheat production in North of Gezira Scheme, 2010.

Candidate: Rama AbdelKarim Mohammed Fadl Allah

- 15- The impact of drought and desertification on sustainable rural livelihoods. Case study of Wadi Al Mugdam (west Omdurman), Khartoum state, 2010.

Candidate: Tamadur Suliman

2) University of Gezira

1. Risk and uncertainty problems under drought: A case study of peasant households of Northern Darfur State, 2005.

Candidate: Adam Hamid Mohamed

2. Economics of cotton varieties of Barakat and Acala in the Gezira Scheme. Analytical study, 2005.

Candidate: Ali EL Basheir Ali

3. The impact of agricultural policies on cotton production in the Gezira Scheme, 2006.

Candidate: Fiza Omer Abu AL Hassan

4. Economics of dates production in the Northern and River Nile States, 2006.

Candidate: AL Smoul Ibrahim Dirar

3) Nile Valley University

1. Economics of mutton meat production in Lybia: A case of AL Gabal AL Akhder district, 2007.

Candidate: Muneer Osman Hamed Sohaib

2. Economic analysis of garlic and fennel production in the River Nile State, 2008.

Candidate: Mohamed EL Ameen Ahmed Ibrahim

3. Economical, social and environmental impacts of Merrowe Dam (A study of Hamdab agricultural scheme, 2010.

Candidate: Hala Farah Heba Al Tayeb

4) Sudan Academy of Sciences

1. Assessment of production technologies on wheat and faba bean in the River Nile State, 2008.

Candidate: Hanan Suleiman Mohamed

2. Economics of field crops in the Blue Nile state (comparative study), 2010.

Candidate: Mahassin Mohammed Ahmed

5) Institute of Islamic World Studies, Omdurman Islamic University

1. Economics of Landscaping in Sudan and Egypt, 2010.

Candidate: Manal Fathi Al Aleemy.

10. Research Projects:

1. Towards long run efficient, sufficient and sustainable wheat production in Sudan: Case of Northern State. A Proposal submitted to the Ministry of Higher Education and Scientific Research for finance (2011).
2. Evaluation of present situation and future vision of date palm production in the Northern State. A research project financed by the State Ministry of Agriculture in the Northern State and implemented by the College of Agricultural studies, Sudan University of Science and Technology in collaboration with Agricultural Research Corporation and University of Donogla (2006).

3. A research project on the analysis of the productivity of small private schemes in different farming systems in the River Nile State submitted for the technical committee of the prize of the State Minister of Agriculture, animal Resources and Irrigation for encouraging the scientific research in the state. The research won the second prize (2002)

11. Administrative Experience:

2007 to date: Head Department of Agricultural Economics, College of Agricultural studies, Sudan University of Science and Technology

2004-2007: Coordinator of M. Sc. Program, Department of Agricultural Economics, College of Agricultural Studies

1996-2002: Head Department of Agricultural Economics, Faculty of Agricultural Sciences, University of Gezira

1990-1992: Head Department of Agricultural Economics, Faculty of Agriculture, University of Dongla, Northern State.

1986-1990: Head of Agricultural Economics and Planning Administration, State Ministry of Agriculture, River Nile State.

12. A. Membership

1. Member of the College Board from 2007 to date
2. Member of the college research board from 2007 to date.
3. Member of the Senate of the University from 2007 to date.
4. Member of the college committee of assessment and accreditation from 2007 to date.
5. Head of the department committee of assessment and accreditation from 2007 to date.

12. B. Membership of community development organizations

1. Member of Agricultural Engineers Union
2. Head of El Shaikh El Gaali Voluntary Organization, Khartoum state.
3. Member of the board of directors of Kadabas Agricultural Scheme, River Nile state.
4. Member of Seidon Voluntary Organization, River Nile State.
5. Member of the board of directors of Kadabas Mosque Wagf compound in Omdurman
